

**SKATECANADA**  
SKATE ONTARIO

# CanSkate Kits

**Skate Ontario is looking forward to an exciting fall.**

We are excited to let you know that the CanSkate kits are in production and will be distributed to you this fall!

Take a look at the attached flyer for all the great items that will be included in your kit. In addition, each kit will also include 4 poster boards that you can stand on the ice or hang from the rink boards for each of the activity zones.

We hope that all of the items in this kit will enhance your ability to deliver great learn to skate techniques and will be an exciting new part of your local CanSkate programs. The details regarding the distribution of these kits will be coming soon.

In addition, stay tuned for a media launch which will be held in conjunction with our partners in Toronto at the end of September.

A very special thanks to our partners on this project:
