

STAR 1- 5 Club Support Initiative

To support our clubs through the implementation of the STAR 1-5 program, Skate Canada is offering many ways to reach out to clubs/schools and coaches. The mission of these strategies is to be able to provide the support needed at the delivery level, collect feedback from the community and to be available to answer any questions.

Call-in (Skype) Conference Calls/Information Sessions for TEST CHAIRS & Club Volunteers, Coaches: An information and feedback session at predetermined times that volunteers or coaches can sign up for. These sessions will provide information, clarify questions, as well as provide an opportunity for clubs to share best practices. (Schedule and directions below)

One on One Calls: Clubs, Schools or coaches can schedule a call with one of our STAR 1-5 Ambassador to answer questions, explore solutions and provide feedback to current practices. (directions below)

Access to Workshops on our eLearning site: Club Administrators and Board members have the ability to access workshops delivered on STAR 1-5 on our eLearning site, as well as the actual STAR 1-5 training the coaches require. The eLearning workshops are available through the administrative access to your club or skating school's Membership Site. Once in the Members section click on the eLearning tab to access these resources. If you need access to your clubs/school's Membership site [Click here](#) for instructions!

Resources available online (STAR 1-5 Resource ToolKit & Video Library): A comprehensive collection of resources, examples and tools have been compiled for clubs, schools and coaches in the INFO CENTER.
