From: Patricia Chafe, Skate Canada Chief Sport Officer

Date: October 6, 2014

Subject: Qualifying events at 2015 Ontario Regional Synchronized Skating Championships

In response to several inquiries from the various different parties, including many clubs, I am writing to clarify the process for qualifying for the National Synchronized Skating Championships in the Novice, Intermediate and Open categories.

Regardless of the number of entries, Novice Intermediate and Open teams qualify for the Skate Canada Synchronized Skating Championships based on the results of the regional synchronized skating championships. Teams in these categories must be on the official result for their respective regional synchronized skating championships in order to be entered into the corresponding Skate Canada Synchronized Skating Championship event.

I trust this answers all associated questions.

Patricia Chafe
